**FAMILY ENDEAVORS PARTNERS WITH COHEN VETERANS NETWORK
TO OPEN MILITARY FAMILY CLINIC AT NO COST TO VETERANS**

Only five of its kind in the United States offering services to Veterans and their family members

SAN ANTONIO, TX – Family Endeavors Inc., in partnership with The Cohen Veterans Network, is proud to announce the Grand Opening of the *Steven A. Cohen Military Family Clinic at Family Endeavors, Inc.* The clinic will provide free quality, accessible and comprehensive mental health care to Veterans and their families who are coping with the invisible wounds of war. *"We've been at war for about 14 years. And over 2.6 million soldiers have been in those arenas and about 40 percent have some kind of mental health issues,"* Family Endeavors' CEO Travis Pearson said.

"Our Military Family Clinic will provide services at no cost. The Clinic will also provide free child care for Veterans getting services, and free transportation," Pearson said. *"The Clinic will immediately connect Veterans and their families to mental health support and resources. Veterans and their families are able to receive services individually and as a family unit at the same place, with the same treatment team,"* said Pearson.

The San Antonio clinic is the second of its kind to open in the nation and is part of the national Cohen Veterans Network commitment to further Post Traumatic Stress (PTS) and Traumatic Brain Injury treatment and research. *"We are thrilled to be in San Antonio with one of our first five clinics. Family Endeavors has proven to be deeply connected to the Veteran community and we feel the Cohen Veterans Network model will do very well here,"* states Anthony Hassan, Executive Director of the Cohen Veterans Network.

Family Endeavors will host a Grand Opening public event on **Tuesday, May 10, 2016 at 1:00 pm** at the Steven A. Cohen Military Family Clinic at Family Endeavors, Inc. (6363 De Zavala Rd., Ste. 300).
