

OUR CARE AT A GLANCE

WHO'S ELIGIBLE?

Veterans

Anyone who has served in the United States Armed Services, regardless of role while in uniform, discharge status, or combat experience. This includes the National Guard and Reserves.

Family

Parents, siblings, spouses or partners, children, caretakers, and others.

BENEFITS OVERVIEW

Low to no cost

All post-9/11 veterans and their families are eligible for treatment, regardless of insurance or the ability to pay.

Appointments when needed

If you are in crisis, our Cohen Clinics will see you immediately.

Otherwise, 94% of our clients (those who respond to a survey) report they were able to obtain their first appointment as soon as they wanted it.

More than mental health

We provide support for related needs including unemployment, housing, finance, and education. Online therapy, transportation and childcare are offered on a clinic-by-clinic basis.

HOW WE WORK

What we treat

A variety of mental health issues including depression, anxiety, post-traumatic stress, adjustment issues, anger, grief and loss, family issues, transition challenges, relationship problems, and children's behavioral problems.

Guaranteed confidentiality

We will not share your confidential information with the U.S. Department of Veterans Affairs or other public, private, or government entities unless required by law. We comply with federal guidelines set by the Health Insurance Portability and Accountability Act (HIPAA).

Genuine care

Our skilled clinicians and staff have been trained to work specifically with veterans and their families, and some are veterans themselves. We build the trusting and confidential relationships necessary to provide excellent, personalized care.
