OUR CARE AT A GLANCE

WHO’S ELIGIBLE?

Veterans
Post-9/11 veterans who served in the United States Armed Services, including the National Guard and Reserves.

Military Family Members
Parents, siblings, spouses or partners, children, caretakers, and others of veterans and active duty.

HOW WE WORK

What we treat
A variety of mental health issues including depression, anxiety, post-traumatic stress, adjustment issues, anger, grief and loss, family issues, transition challenges, relationship problems, and children’s behavioral problems. Care is delivered inside the Cohen Clinic or remotely via telehealth, face-to-face video therapy.

Guaranteed confidentiality
We will not share your confidential information with the U.S. Department of Veterans Affairs or other public, private, or government entities unless required by law. We comply with federal guidelines set by the Health Insurance Portability and Accountability Act (HIPAA).

Genuine care
Our skilled clinicians and staff have been trained to work specifically with veterans and their families, and some are veterans themselves. We build the trusting and confidential relationships necessary to provide excellent, personalized care.
